Homecoming..

No one could wait for Homecoming day, Anxious to see our football team play. The cheerleaders were happy and having

They cheered themselves down like the setting sun.

Everyone was in suspense

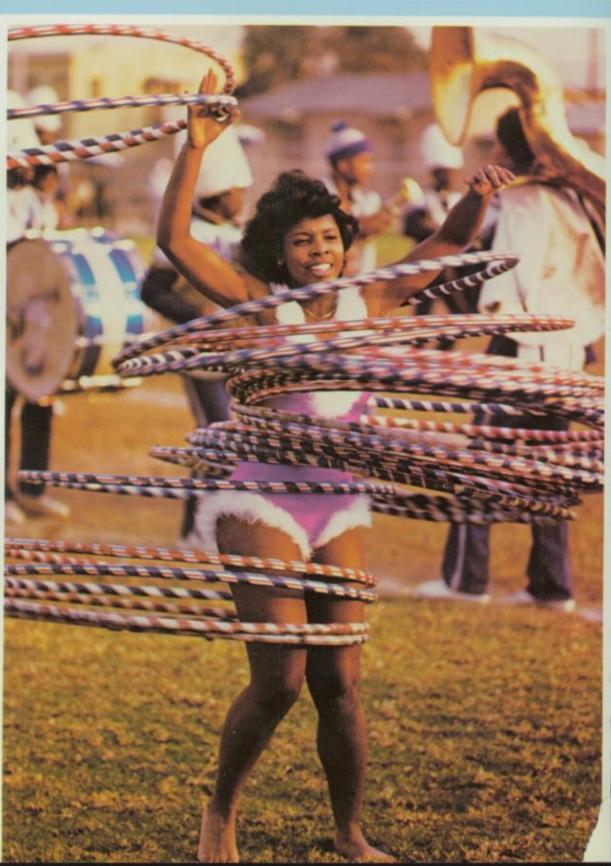

As they announced the King and Queen. There was more excitement than anything we've seen.

The Queen, King and court were so lovely and bright.

Everyone was thrilled half-time turned out so right.

Our team did not win; they'll try harder next year.

And once again we all will cheer.

Half-time activities were exciting as Toni Bolden and Lonnie Hinton, commissioners of athletes (top left), announced the Homecoming Court of 79-80. Carolyn DeCosta and Reginald Mathews were 10th grade Princess and Prince. 11th grade Princess and Prince were Kathleen McKinney and

Miles Morrison. The senior class was represented by 4th runners-up, Coqueise Fuller and Von Parchman; 3rd runners-up, Sandra Sterling and Gregory Barnes; 2nd runners-up, Kcedar Lewis and Edis Anderson; 1st runners-up, Patricia Boyd and Kenneth Battle. Gail Smith and Bernard

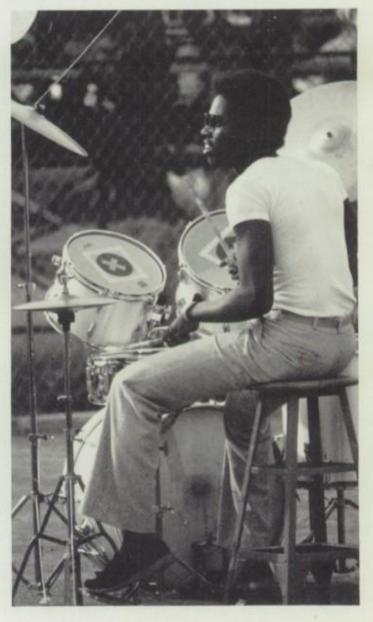

Hamilton (top right) returned to give up the crowns they received in '78 to Mitzi Archer and Ricky McGowan, Homecoming Queen and King '79. Tamara Lewis and Keith Allen (bottom left) introduced Councilman Farrell to the student body as part of the Homecoming activities.

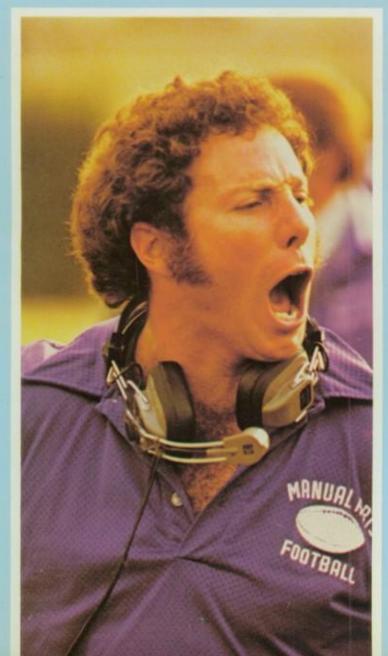

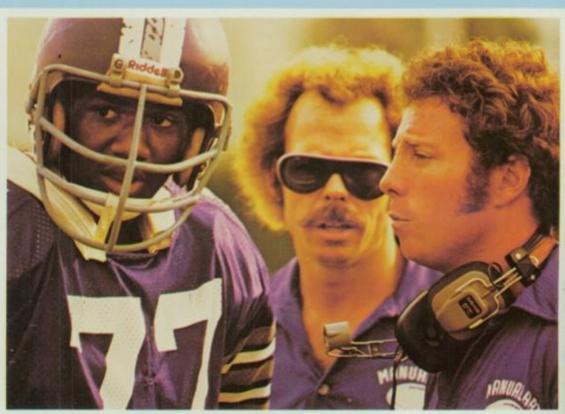

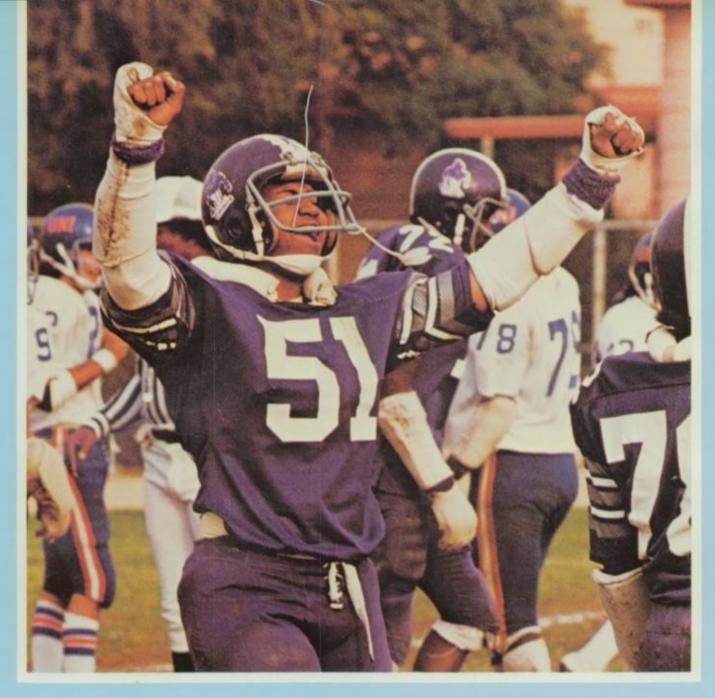

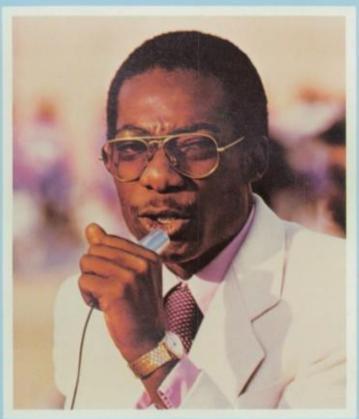

Go!

Putting it all together

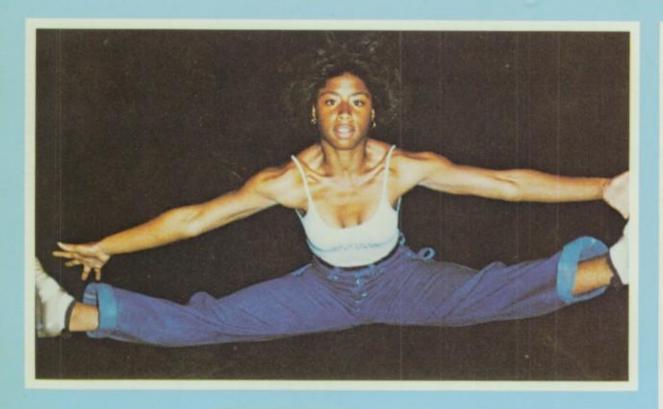

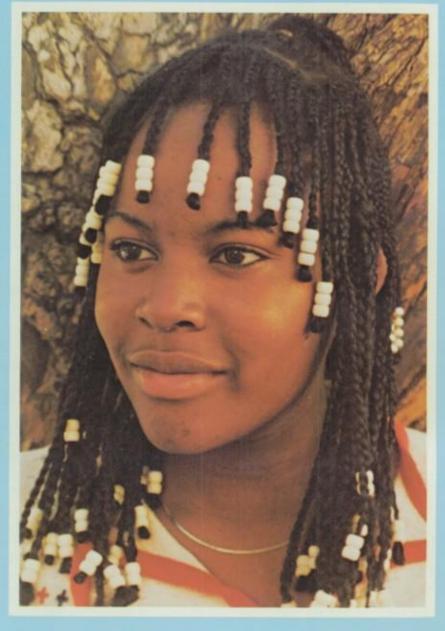

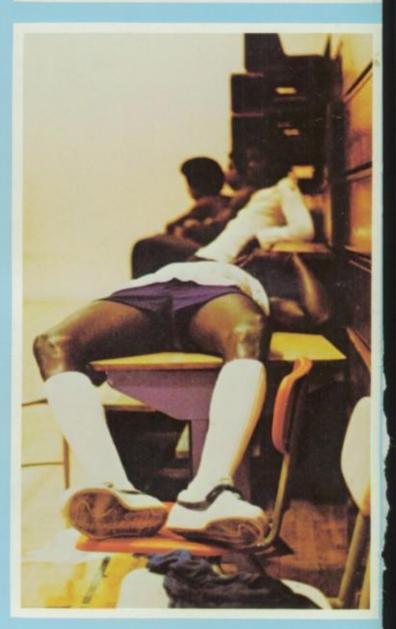

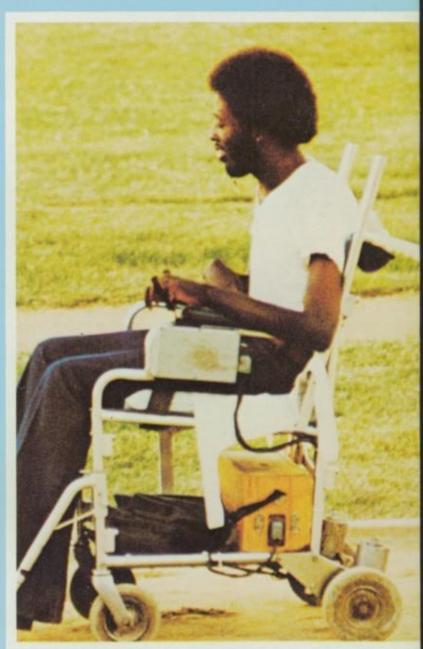

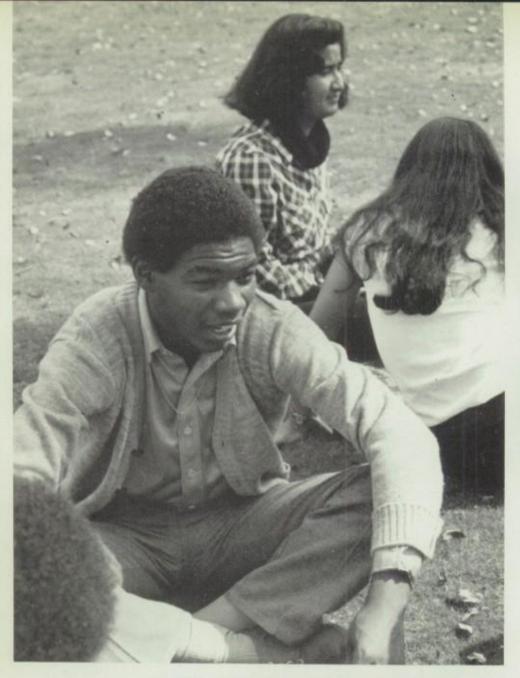

Wow!

They're on candid camera ...

Togetherness is happiness

Latonya Mathews and Gregory Barnes can deal with reality (1).

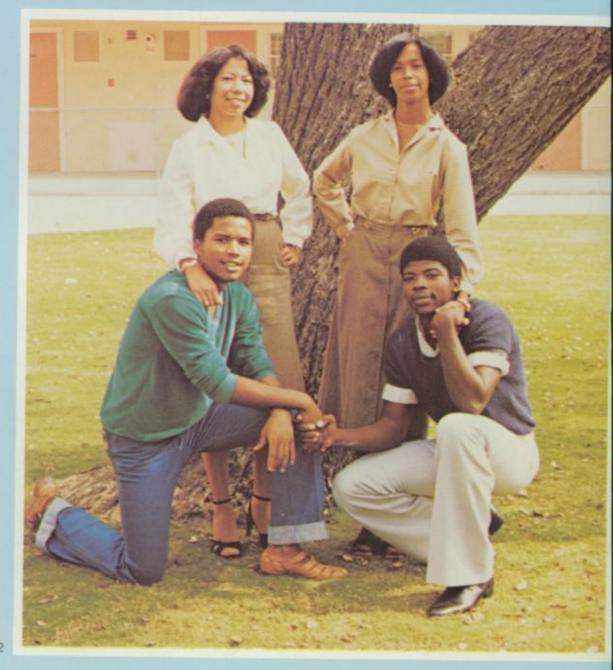

That's why they made it for best personality. For inseparable we have Anthony Bryant, Adam Thomas, Kcedar Lewis and Cynthia Bastine (2). They're always together, no matter where they're seen.

They are very kind and their manners are the neatest;

that's why Alisa Cox and John Myers are the sweetest (3).

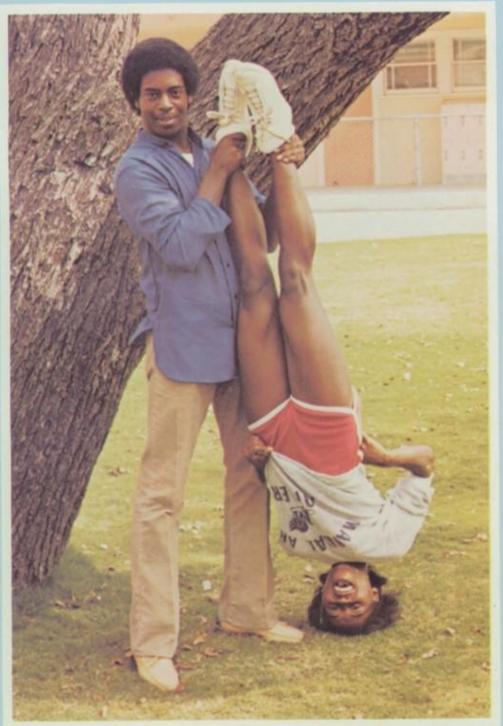

With a sense of humor like Vincent (Touché) Stevens and Lori White, being upside down for them seems to be right (4).

Don't be mean and never say hello; be like the friendliest seniors, Lonnie Hinton and Susan Quintero (5).

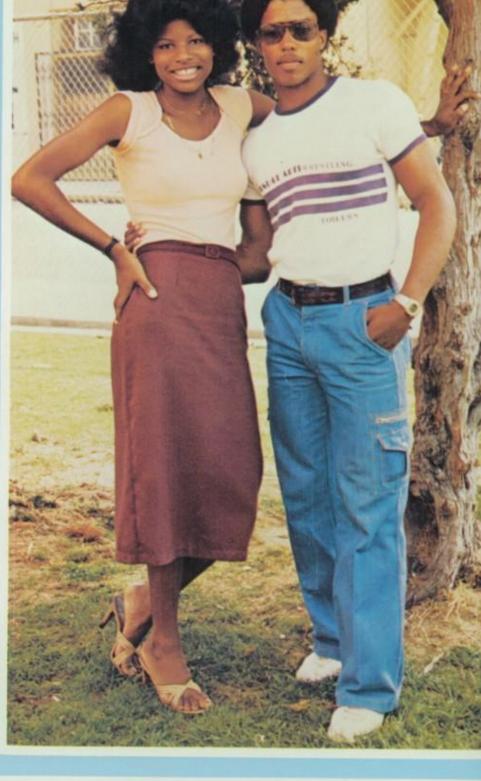

1

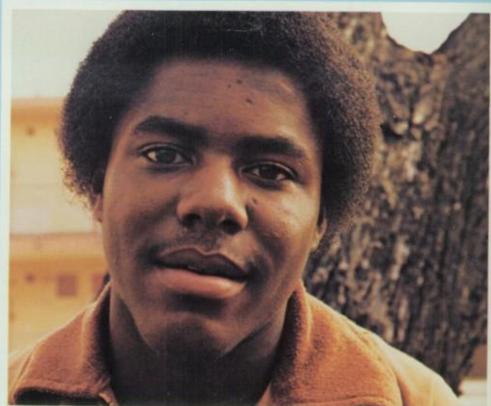

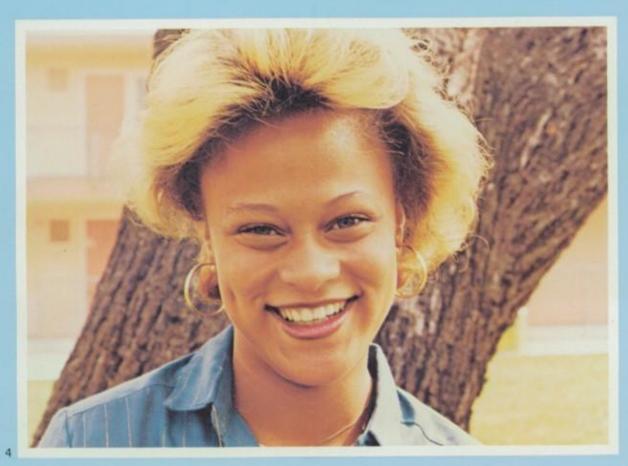

Mitzi Archer and Von Parchman will pass any fashion test. They are known as the two best dressed (1).

For Pamela Davis and Keith Allen being unique is like one of a kind. They are different, but not hard to find (2). What are those pretty things which catch gals and guys? It's Charles Collins (3) and Gwen Grider (4) with the prettiest eyes.

Ricky McGowan and Sandra Sterling's faces aren't simple. Upon their cheeks they have some beautiful dimples (5).

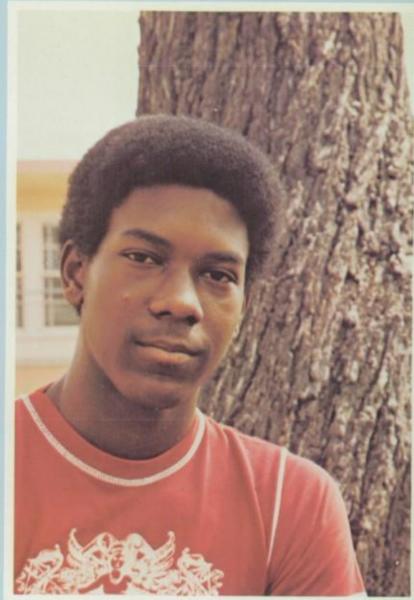

Lookin' Good

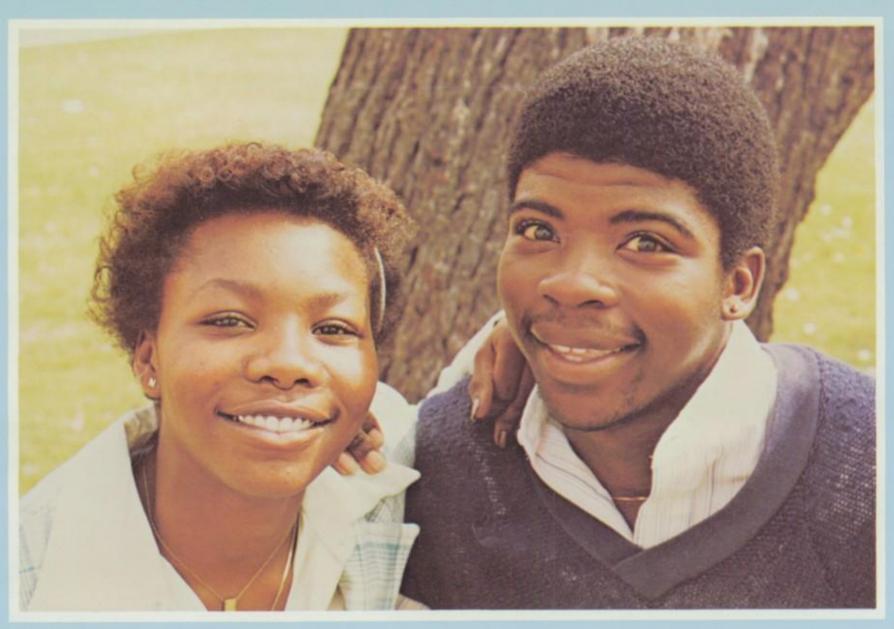

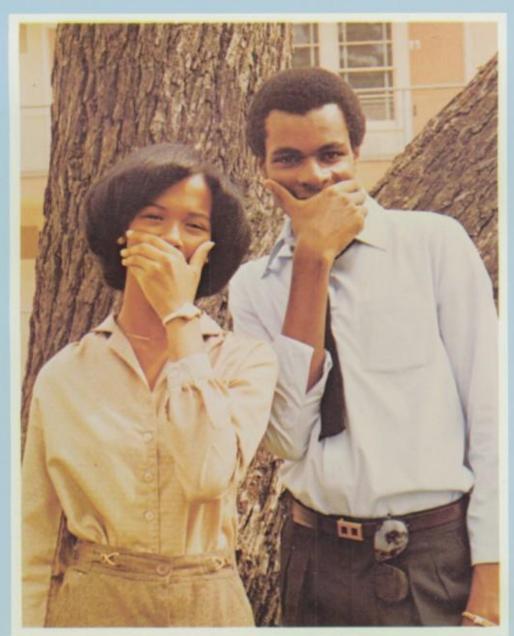

Heavenly smiles

Pamela Davis (1) and Thomas Ford (2) are the youngest, but that's okay; they'll get old one of these days.

You don't have to scream or shout, Lori White and Kevin Mays will do it for you; they have the loudest mouth (3). These smiles are so pretty and giant. They belong to Doris Wells and Anthony Bryant (4). For Ricky McGowan and Kcedar Lewis being bashful is their thing. No one hardly ever hears them laugh, talk or sing (5). Kathryn Hawkins and Stephan Williams are the oldest, as we all know. But for some reason their gray hair and wrinkles never show (6).

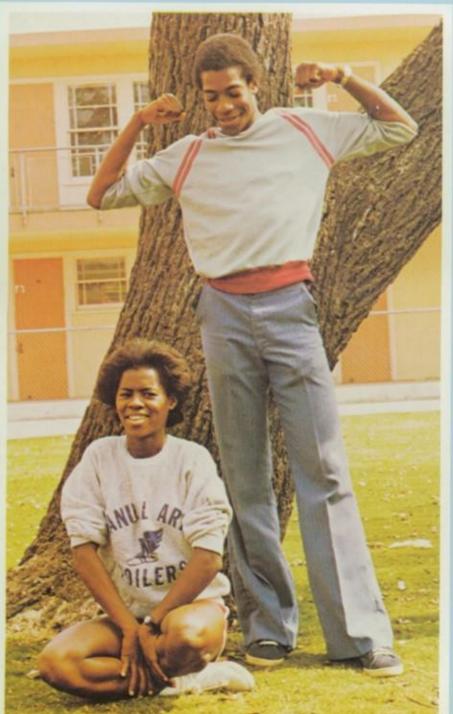

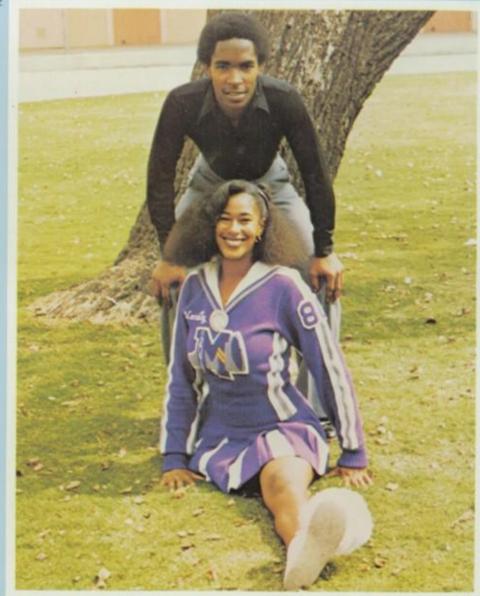

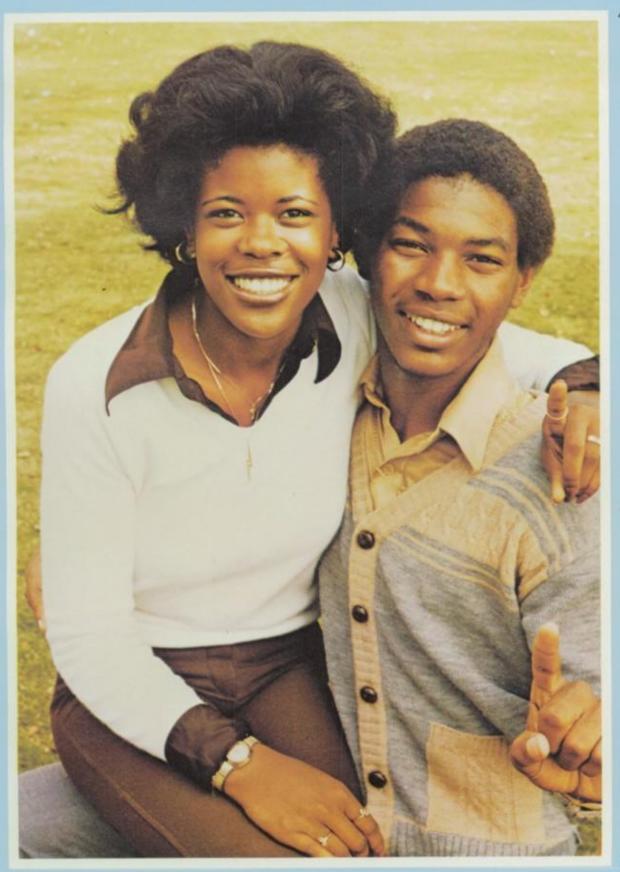

We're number one and still having fun ...

To be talented you don't have to be a sportsman; this year's most talented are Dee Dee Hamilton and Von Parchman (1).

Lori White and Samuel Chance are very energetic. That's how they got it for most athletic (2).

For Coqueise Fuller and Troy Meacham being most spirited is real joy. They're always on the go, like an unwindable toy (3).

Tamara Lewis and Lonnie Hinton are most popular in the Class of '80. Their names have been spoken or heard by every young man and young lady (4). While listening to music their bodies have answers. Lataynia Burton and Joseph Martin are known as best dancers (5).

5

Will your hair hold up if you run for miles? Shelia Batiste and Joseph Smith's will; they have the best hairstyles (1). Shelita Shelly and Andre Bradley may not grow until they reach their forties. If they do grow they will still be known as our class shorties (2).

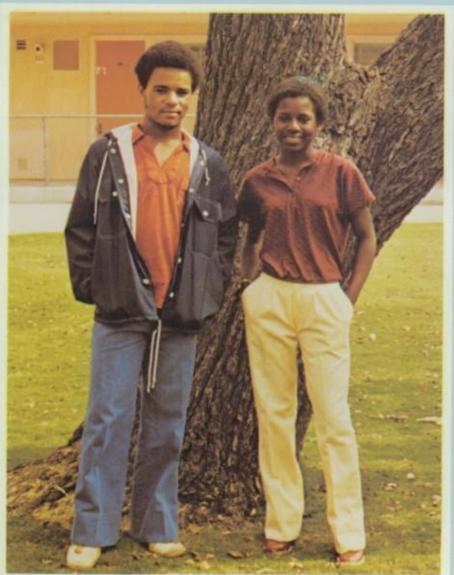

She doesn't need bobby pins or tape. Vera Young has the best natural and it has a great shape (3).

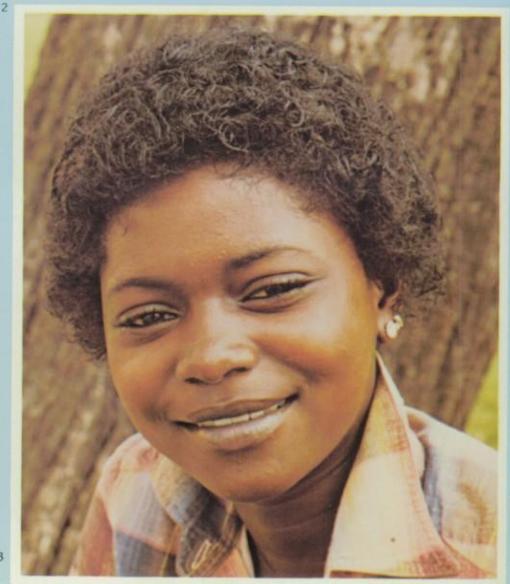

For photogenic we have Tracy Smith and Zachary Price. The pictures they take always come out nice (4).

Tamara Lewis and Andrew Jenkins' hobbies are to write and read. They're the ones most likely to succeed (5). Even though some of 1 their friends are the smallest, Naomi Whiting and Wallace McClennan are proud to be the tallest (6).

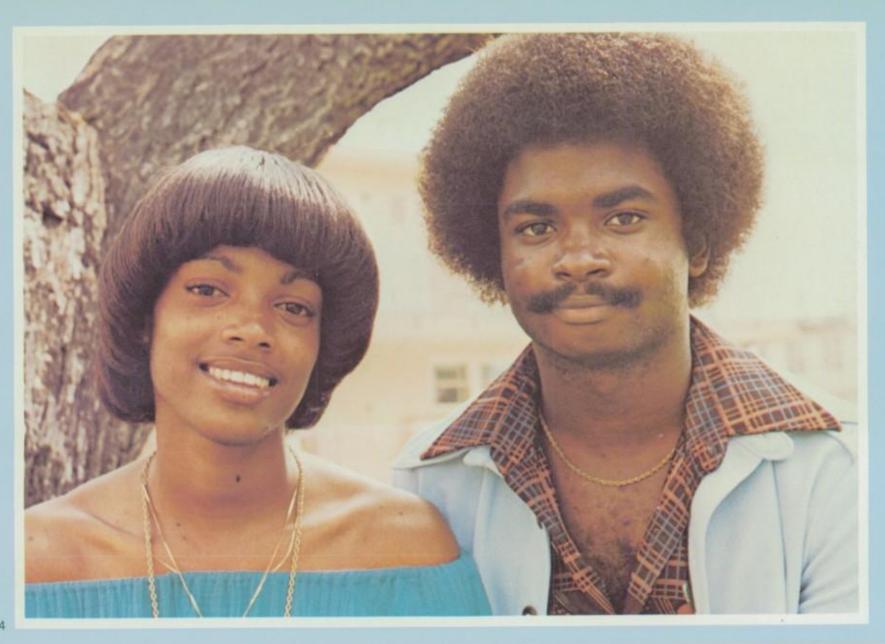

We're still the ones!

No.

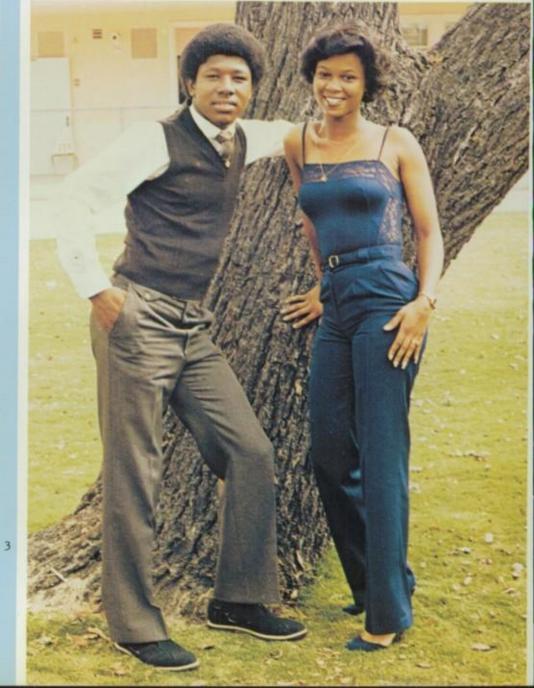

Feeling good?

Patricia Boyd and Vincent Stevens are the cutest in the 1980 class. So cute and elegant, like a golden glass (1).

Latonia Williams and Terry Banks are the ones most attractive. With their looks they don't have to be too active (2).

For best figure we have Gregory Barnes and Alisa Cox. They have curves that are well rounded and not like a box (3).

'The Great Cassanova' is what they should put on their shirts, because Wanda Wade and Charles Collins are our class flirts (4).

Good looks and nice clothes are not needed, because Coqueise Fuller and Steve Morris have what it takes to be most conceited (5).

Those were the days ...

Almost, ... not quite.

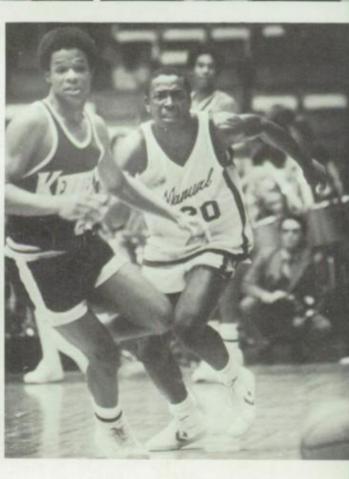

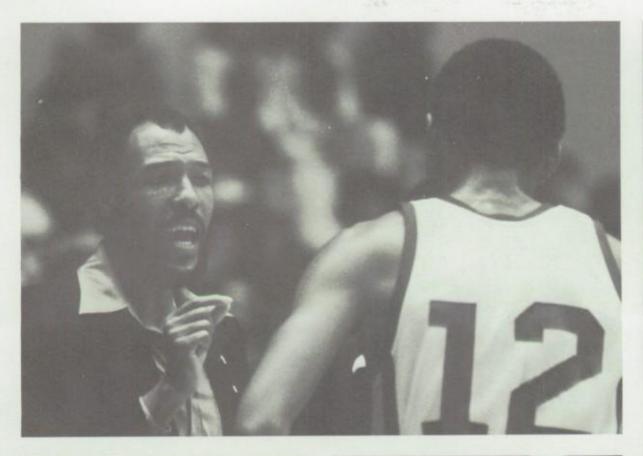

And the beat goes on.

This season was good but was kind of sad. We beat the Romans which made them

Fremont gave it a try; We swooped, dunked and blocked which made them cry.

The Dons came to Manual without any

But the Toilers decided to blow them out. The Democrats had no spirit.

If they did, we couldn't hear it.

Washington was good, although not good

They thought they could beat us twice, but we were too tough.

Van Nuys was fired up, as if they would

But it was Manual heading for the Sports Arena again.

Gardena's football team was good and they were pleased.

But our basketball team won with their minds at ease.

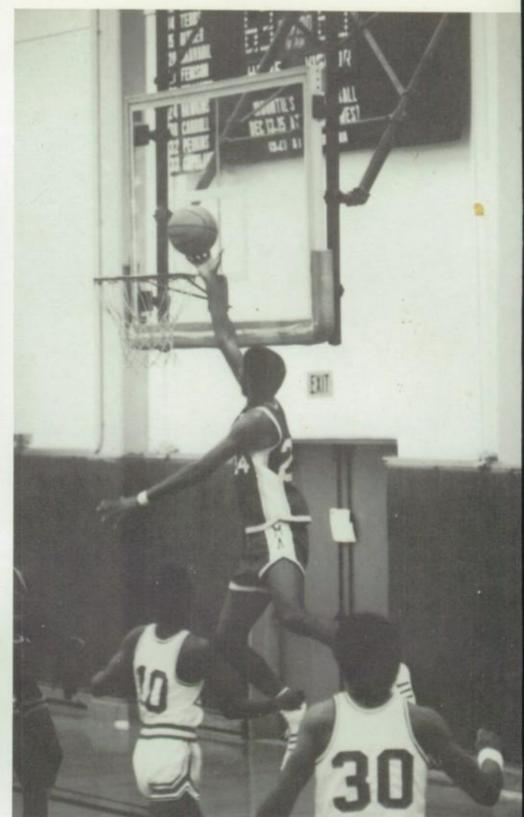

Manual played a good game even though

Kennedy won. But in the eyes of the Toilers, Manual Arts is still Number One.

Dramatic Dancers, Dynamic Designers

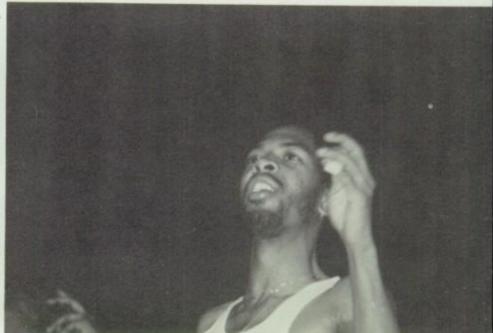

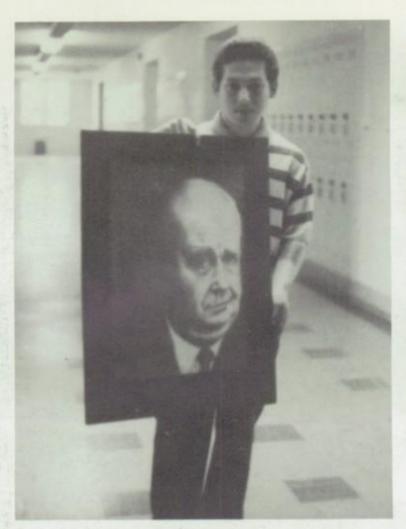

Juniors and sophomores it's time to say goodbye. We can't come back, but please don't cry. We'll be working our way to the higher road; Our wonderful brains will be carrying a heavy load. We want to become lawyers, secretaries, and physicians, But in order to do so we must earn those positions. You might think we're finished with learning, but we're not. It's a long and unsteady road that we have to trot. We mustn't stop now; we have to go on, Because if we do stop, our dreams will be gone. We started off as sophomores and we were ready to learn. When we became juniors we had gone too far to make a "U" turn. Now we are seniors and we're ready to leave; We have a lot of great goals that we want to achieve. Sophomores and juniors, in your years to come, You're going to have to work hard to become number one. We know you can't get far on Fail's and D's, So do your best; get some A's and B's. You have to do your work and stick together, Try to do as well as you can, or even better. If you want to make it to the higher road you have to do your best, You must make it to the top, Because this is known as the road to success.
